1.4.2 . Report of Feedback Analysis and Action Taken

Feedback from stakeholders: the institute has structured feedback mechanisms to obtain feedback from internal and external stakeholders through various programs.

For Student Satisfaction Survey Feedback a Google form online and offline printed form was provided to college students, alumni, parents and college teachers to give their feedback about the facilities available in the college, class teaching, co-curricular programs, cultural activities and other available resources. 177 students have participated in this survey work and have given their satisfactory answers. The answers received have been given through comprehensive explanations, tables and graphs. Most of the students were found satisfied with the facilities, classroom teaching work and resources available in the college, which is as follows.

High-level co-curricular activities are conducted in the college and all the teachers motivate them according. They also accepted that the college's campus provides huge encouragement and guidance for utilising library books.

2. 25 % of students have given the following suggestions for improving in their feedback-

- To provide online study material by providing an internet facility in the college.
- There is a need to increase technical education in the institute.
- Efforts should be made to make the college the best
- Technology should be used for teaching and learning.
- Students should be helped as per their satisfaction level.
- Students should be treated in a friendly manner.
- Students suggested improvement of playground facilities.
- Students suggested field trips must be included in all departments Encouraging and supervising the students for study projects.
- Students suggested career counselling and a career guidance cell.
- Students suggested taking personal care and affection while dealing with Individual students and helping students.

2. Action was taken of the student's suggestion by the Principal of the college.

- Internet broadband and Wi-Fi facilities are not being provided by any company regularly in the Amori region. Due to this, it is a difficult challenge to provide complete internet service to college students with limited resources. For alternative arrangements for internet service, a letter has been written to the Director of Higher Education to approve the necessary budget for this work. Also, efforts are continuing in this direction.
