Feedback, Suggestions, and Action Taken Report (Session 2024-25)

Rajkiya Mahavidyalaya Amori (Champawat)

Date: 20-10-2024

1. Feedback:

During the academic session 2024-25, feedback was collected from the students of the BA First, Third, and Fifth semesters regarding the college's facilities and arrangements. The feedback highlighted the following key points:

- **Class Teaching**: All students lauded the teachers for their effective teaching of the curriculum. The students noted that the excellence of the teachers in delivering lessons and their willingness to assist with difficulties was commendable.
- **Curriculum and Syllabus:** The majority of students expressed satisfaction with the curriculum content, indicating that it was conducive to their intellectual development and learning goals.
- **Library** Facilities: Students appreciated the usefulness of the library. However, many suggested the need for updated study materials and an increase in the number of available books to cater to their learning needs
- **Internet and ICT:** The ICT services and internet connectivity provided by the college were well-received. Nonetheless, several students recommended improvements in internet speed to facilitate better access to online resources.
- **Discipline and Environment:** Students valued the disciplined environment of the college, highlighting the positive impact of awareness programs conducted on campus.
- **Career Counselling and Cells:** The initiatives of the career counselling and placement cells were deemed helpful and pivotal for providing guidance regarding future opportunities.
- **Smart Classes and Computer Classes:** Students found the ICT and computer classes to be beneficial for their academic growth and aligned with modern learning methodologies.

2. Suggestions:

Following the comprehensive feedback received from students, several constructive suggestions were made:

1. Library Enhancement: There should be an increase in the number of the latest study materials in the library to ensure that students have access to relevant and updated educational resources.

2. Improvement of Internet Services: The college should work on enhancing internet speed to guarantee that students can access online material without interruptions.

3. Expansion of Smart Classrooms: Additional smart classrooms should be developed to ensure that ICT facilities can be utilized effectively according to the increasing number of students.

4. Establishment of a Reading Room: A separate reading room should be set up where students can study in a quiet and peaceful environment.

5. Installation of Solar Lights: Solar lights should be installed across the college campus to promote environmental sustainability while addressing lighting issues.

3. Action Taken:

In response to the valuable feedback and suggestions from the students, the college administration has implemented several significant actions:

- **Library Improvement:** A formal request has been submitted to the directorate for the procurement and addition of the latest and relevant books in the library, enabling students to access more study materials that fit their academic requirements.
- **Enhancement of Internet Connectivity:** The college has initiated communication with the internet service provider and is taking necessary steps to augment internet speed to ensure a seamless digital experience for students and faculty alike.
- **Increase in Smart Classrooms:** Proposals have been forwarded to the directorate for the construction of additional smart classrooms and expansion of existing ICT facilities to accommodate current educational needs.
- **Creation of a Reading Room:** The principal has sent a request to the directorate to establish a new reading room, providing students with a conducive environment for focused study.

- **Solar Lights Installation:** The college has reached out to the directorate for financial assistance to install solar lights throughout the campus, promoting both environmental sustainability and energy efficiency.

Conclusion: The college administration is committed to addressing the feedback and suggestions from students seriously. Measures have been put in place to improve facilities and respond to student needs effectively. The administration is dedicated to providing modern amenities and fostering a high-quality educational environment that ensures the holistic development of all students at the college. Through these initiatives, the college strives to uphold its reputation as a leading educational institution, dedicated to supporting student success and academic excellence.
